On March 1, the Evergreen Branch Library began accepting applications for U.S. Passports. During the month of March, the 4 staff members who are passport acceptance agents processed a total of 84 new passport applications. Passport applicants pay a \$35 execution fee to the Wichita Public Library, resulting in revenues of \$2,940.00 for the month.

On March 20, the Library released the latest episode of Read. Return. Repeat. podcast. The episode, featuring author/screenwriter C. Robert Cargill and themed to the ReadICT category of books with a non-human narrator, had 59 plays recorded in our podcast platform and 20 views on YouTube through March 30. Topics discussed during the interview included Cargill's post-apocalyptic robot western novel *Sea of Rust*, artificial intelligence, the challenges of writing characters who are not humans, Isaac Asimov, and whether he thinks we are heading towards a utopia or dystopia.

For the timeframe between January 2019 and March 2023, March 2023's combined 18,376 users comes in third to July 2019's 19,015 combined users and June 2019's 18,719 combined users. The Westlink Branch Library made progress on its remodel by hosting several community input sessions during Spring Break. Service Snapshot: Recent Raving Fans Stories

A customer came in to Angelou looking for books by Doris Kearns Goodwin to read on a flight the next morning. The only item Angelou had was an audiobook on CD, so library assistant Pamela helped the customer download and log into the Libby app to check out an e-book by the author. Pamela was able to spend some time showing her how to use the Libby app so that she would be familiar with it the next day.

Youth Service Librarian Sara McNeil helped a customer print a KASPER report for a person of interest for a pending court case. The customer wanted to print information collected and screenshotted from her phone that a relative sent her. The mobile print jobs were not cost effective due to the size of the files and Sara showed the customer how to retrieve the original data from the Kansas Department of Correction's Kansas Adult Supervised Population Electronic Repository (KASPER) database. Sara was able to print two copies for half the price, which made the customer very happy.

Circulation Library Assistant, Michael Apinyakul, recently assisted Nancy in setting up Libby with her Wichita Public Library card. Libby is an application the Wichita Public Library uses to allow checkout of e-books and e-audiobooks. He walked her through the steps to add another library card because she uses Libby with her Park City library card as well. While helping her he noticed she had the cloudLibrary application too. CloudLibrary is an application the Kansas State Library uses to allow checkout of e-books and e-audiobooks. Michael asked Nancy if she had a Kansas Library eCard to use cloudLibrary to which she replied, no. Michael offered to set her up with a Kansas Library eCard and get her logged into cloudLibrary. She was very grateful and even stayed to browse our collection!

A customer called the Rockwell Branch Library to ask about their hold on a wireless hotspot. They were first in line and anxiously hoping that they'd be able to pick it up that day. They mentioned that they were so grateful the Library is able to offer the service as it has been an absolute lifeline for them.

Near closing time on a Friday evening at the Rockwell Branch Library a young customer came in by themselves to choose a handful of books. The child attempted to use the self-check machine to check-out, but realized they had forgotten the password to their parent's account. Youth Services Librarian Katrina York accompanied them across the parking lot to where their parent was playing with younger siblings to explain the issue. The parent had a picture of the card on their phone. Katrina was able to borrow the phone briefly in order to pull up the cardholder's account. The child not only checked out the books they had selected but also discovered that their parent had another six on hold and took those home as well.

The Alford Branch Library started training two new Library Clerks this past week, and for a particular customer their skills and expertise came in handy. The young woman was in her first year of college and working on a two-minute oral presentation for one of her classes. Her topic was honeybee devastation, and even after researching it for a while she was having trouble on how to explain what it is. Fortunately, Alford's new clerk Rachel has a background in Wildlife Science and was able to provide insight on the definition. The student then asked to clarify the pronunciation of a few key terms so that she could present to the class confidently.

This was the highest rating of any City department. Staff plans to review the metrics used in the survey to determine gaps in service and identify potential areas of improvement in offerings where adjustments can be made to further increase community satisfaction.

The automated materials handler at the Advanced Learning Library will be converted during this project as well. The Library's contractor plans to send nine workers and a project manager to place tags in approximately 650,000 physical items, a task which should take a few weeks to complete. Library locations will remain open while it is in progress.

On behalf of the Finance Committee, Chuck Schmidt moved to approve spending authority of up to \$450,000 total, with current invoices of \$411,731.05 for the conversion to RFID technology and purchase of three additional self-check units. **Motion carried unanimously.**

INTEROFFICE MEMORANDUM

TO: Library Board of Directors
FROM: Jaime Nix, Director of Libraries
SUBJECT: 2024/25 Budget Discussion
DATE: April 11, 2023

Background: Wichita Public Library brought forward three program options to be considered for the 2024 budget. These included expanding hours of operation at Maya Angelou and Walters branch libraries and eliminating the Interlibrary Loan fee assessed when customers place a request from a library outside of the Wichita system. These considerations are in front of the City Manager and City Council for review.

While these proposals are being considered, sustainability of funds is a concern for the City for the 2025 (and beyond) budget. The City Manager has indicated that the 2025 budget will have an approximate shortfall of \$18 million. Departments have been asked to consider how structures or strategic changes can be made to save approximately 5% of the department's general fund budget. Library leadership has begun efforts to look at possible options for closing this forecasted gap.

Because of the number of funding streams available to the library, the upcoming branch remodels and capital fundraising, the trajectory of services that have been discussed from the Master Plan and subsequent outreach plans, leadership is interested in engaging the board in a strategic discussion. We are interested in learning from the Board their thoughts about non-negotiable services, concepts for strengthening non-City funding, and future concerns regarding the potential of a reduced operational budget in 2025.

Financial Considerations: Budget reduction strategies are needed for reducing general fund operating costs for library services at an estimated \$450,000.

Recommendations/Actions: It is recommended that the Board begin a conversation about library service, budget, and direction.

INTEROFFICE MEMORANDUM

TO: Library Board of Directors
FROM: Sarah Kittrell
SUBJECT: Approval of Invoices Exceeding \$10,000 – Newspapers.com
DATE: March 15, 2023

Background: The Library is enhancing its database offerings in 2023 with the addition of Newspapers.com. Newspapers.com is a product that provides access to over 22,700 past and current newspapers large and small. The focus of this database is to provide access to historical newspapers dating pre-1925. These materials have been digitized and are fully searchable.

Analysis: Wichita Public Library currently provides access to digital newspapers through Newsbank (the Wichita Eagle) and The New York Times Online. Adding Newspapers.com to our offerings will vastly increase the number of titles available to our community, expands historical research opportunities world-wide, and will be of great assistance to those researching local history, family history, or any historic (pre-1925) topic.

Financial Considerations: The cost for the first year of Newspapers.com is \$21,060.00. This is in-line with other similar database offerings; we are paying approximately \$23,000 for the digital newspaper portion of Newsbank in 2022-2023.

Legal Considerations: The City of Wichita Law Department has approved the Terms of Service for Proquest/Clarivate, the company that offers Newspapers.com

Recommendations/Actions: It is recommended that the Board approve paying the invoice of \$21,060 for Newspapers.com, with an estimated subscription start date of May 1, 2023.

Where you have perpetually licensed content from us through a Perpetual Archive License (PAL), as set out in your Order, your PAL content may only be revoked if you materially breach your Agreement, or if the licensed materials contain errors or could be subject to an infringement or other adverse claim by a third party. Additionally, your PAL content is maintained in the Clarivate platform subject to an annual Continuing Service Fee (CSF). The CSF will be invoiced in arrears on your contract anniversary date. If you lose the ability to access your PAL content online (e.g., if Clarivate discontinues online access services), or if the PAL content are otherwise eligible for local loading, you may obtain digital copies upon certifying that you will secure and restrict use of the PAL content as contemplated under your Agreement, using systems and technology at least as protective as Clarivate's. In the case of audio files, any local access must be restricted by DRM and be limited to one (1) simultaneous user (unless you track playbacks and make all royalty payments to copyright holders for mechanical and performance rights). All use of locally-loaded materials continues to be subject to this Agreement. You are responsible for any file transfer costs.

12. Data Mining. You may not text mine, data mine or harvest metadata from the Product. Your ability to extract and compile data from locally-loaded copies of your PAL content is subject to any content-specific restrictions. Where permitted, you may use content solely for your teaching, learning, and research purposes.

13. Supplemental Terms. Some content included in the product has terms of use applicable solely to such content. Content-specific terms are clearly displayed with the associated content or embedded in the systems and technologies incorporated into the product. Where third-party databases or content are subject to supplemental terms, such terms shall be clearly referenced on the order form. Such supplemental terms shall not materially alter use of the product.

If you are a United States company, the laws of Kansas (without regard to conflicts of laws) govern all matters arising out of or relating to this Agreement and you consent to the jurisdictional venue in Kansas. The United Nations Convention on Contracts for the International Sale of Goods does not apply to this Agreement.

INTEROFFICE MEMORANDUM

TO: Library Board of Directors
FROM: Jaime Nix, Director of Libraries
SUBJECT: Approval of Invoices Exceeding \$10,000
DATE: April 8, 2023

Background: The Library began a three-year subscription to Gale Analytics in 2022 to conduct demographic research to understand Wichita active library customers and learn how services can be adapted to raise awareness of library services to those who are not actively using their library.

Gale Analytics will have three functionality modules – Community Insights, Physical Collections and Digital Collections – that will allow the Library to upload customer usage data from Polaris ILS and 3rd Party Digital Collection vendors. The confidential output will provide real-time demographics and market segmentation analysis to help the library gather perspective regarding active cardholders and potential cardholders. The analysis derives from over 700 information and survey tools (ex. Census, American Citizen Survey, and Mosaic) and will help the library in its decision-making for programs and services. Library staff will soon report learnings from the tool to establish a baseline for 2023/24 service changes.

Financial Considerations: Renewal of this product for year two is \$14,965.01, less than anticipated when the subscription began in 2022.

Legal Considerations: The City of Wichita Law Department has approved the Terms of Service in 2022.

Recommendations/Actions: It is recommended that the Board approve paying the invoice of \$14,965.01 for Gale Analytics.

INTEROFFICE MEMORANDUM

TO: Library Board of Directors
FROM: Jaime Nix, Director of Libraries 
SUBJECT: South Central Kansas Library System Grant FY23
DATE: April 8, 2023

Background: The South Central Kansas Library System (SCKLS) is one of seven regional systems of cooperating libraries throughout Kansas. The purpose of regional systems is to ensure Kansas residents have access to library services. The regional systems accomplish this through continuing education services, consulting, interlibrary loan lending and grant programs that are intended to offset costs to extend library service to those living outside of the local taxing district. Grants-in-aid funding to local libraries is distributed annually through a formula based on the taxing district population, the proportion of cardholders outside of the taxing district, and the number of interlibrary loan transactions completed during the previous year. Additional funds are available through grant applications to support training, technology, e-books, and programming. The Wichita Public Library receives support through these grant programs.

Analysis: The South Central Kansas Library System Executive Committee has directed the implementation of service contracts for the grants-in-aid program, which prohibits the use of grant funds for costs associated with services or programs for which the library charges fees.

Financial Considerations: The 2023 service contract provides a grants-in-aid award of \$239,266. This is an increase of \$31,321. A first payment of \$133,350 will be made upon submission of the signed service contract, and a second payment of \$105,916 will be provided prior to September 30, 2023.

The proposed budget includes \$20,000 for staff development, \$140,266 for library materials, \$25,000 for contractual costs related to cataloging and promoting materials collections, \$20,000 for supplies, \$9000 for maintenance repairs, and \$25,000 for furniture and fixtures.

Legal Considerations: The 2023 State Grants-in-Aid does not have an associated contract. All funds must be expended during the calendar year and may not be used for costs associated with services or programs for which the member library charges. There are no other restrictions for the use of these grant funds.

Recommendations or Actions: It is recommended that the Library Board approve the proposed budget and authorize staff to submit the contract to the City Council for review and proposal.

INTEROFFICE MEMORANDUM

TO: Library Board of Directors
FROM: Jaime Nix, Director of Libraries
SUBJECT: 2023 State Aid Grant
DATE: April 8, 2023

Background: The 2023 State Grants-in-Aid payment has been received in the amount of \$111,562.65.

Analysis: A project budget must be established and approved by the Library Board of Directors before the payment may be deposited.

Financial Considerations: The 2023 grant award reflects a decrease of \$617.95 from the previous year. This grant is administered by the City of Wichita on behalf of the Library. In 2023, there is a .52% administrative charge for this service (was 1.3% in 2022).

As in previous years, a portion of the grant will support library materials. In addition, the grant will fund staff In-Service Day training, library materials, and some branch furniture and fixtures identified with upcoming branch remodels.

A copy of the proposed grant budget is attached.

Legal Considerations: The 2023 State Grants-in-Aid does not have an associated contract. All funds must be expended during the calendar year. There are no other restrictions for the use of these grant funds.

Recommendations or Actions: It is recommended that the Library Board approve the proposed budget as provided by staff.
